

## Push-in Batten EME

### Battery for Push-in Batten EME, Li-ion, 6.4V, 2000mAh

The Emergency Module for LED Batten Luminaires has been designed for easy installation in a range of Kosnic LED batten luminaires. Kosnic LED batten datasheet will state if the luminaire is compatible with this model of emergency module. The emergency module is designed to be installed with the quick-fit tabs in the luminaire and includes a flat 4-pin connector for easy connection to the LED light source and status indicator in the luminaire. The emergency module will adjust the output within the module's limits to the level required to operate the luminaire and ensure an operation time of three hours. The emergency module has a replaceable lithium-ion battery.
