### 300mm Brass trim for Ossa bulkhead

Kosnic's IP65 LED bulkhead is perfect for Kosnic's K2D standard and sensor LED lamps. The bulkhead includes an emergency option and offers a low maintenance and robust solution to lighting in all areas where a practical lighting solution is required. The bulkhead may be used as a simple utility style bulkhead without a trim or can be enhanced with one of the decorative trims to give a higher aesthetic appeal where required. Optional backlight rings are supplied with the 379mm trims but do not have to be used. Supplied with small white trim as standard.
