

Kasai

Reflector for 6ft IP20 Batten

The Kosnic battens for T8 LED tubes are pre-wired for Kosnic's LED T8 tubes. The batten fittings are available in single or twin 4', 5' and 6' lengths, and are suitable for a wide range of indoor applications including warehouses, factories and garages. The battens are available as standard unshaded fittings but additional reflectors to control the light distribution and protective guard cages may be ordered for the user to install.
