

Milo

Suspension Kit for Milo

The Kosnic Milo LED battens are replacements for standard ceiling battens. These advanced battens are suitable for all areas, including visually demanding non-transient task areas such as offices and educational premises where users require uniform light to maintain well-being. The Milo battens come with switchable output drivers and can be supplied with alternative DALI, 1-10V or PUSH dimmable drivers. There are options to fit a sensor and an emergency module.
