Cube 10W LED Rechargeable Work Light

The Kosnic LED Rechargeable Work Light has been designed and developed primarily for outdoor use on work sites but is equally useful inside the home when a temporary light source is required. The 10W model includes a high capacity lithium-ion battery allowing the light to work continuously for 3.5 hours at full output and 10 hours at a reduced level, and has flashing and dimming functions. The work light includes an integrated stand and a magnetic back.
