## Zhaga Sensor

#### Microwave sensor with zhaga connector

The Kosnic High Bay Microwave Sensor with Remote Control is a simple energy-saving solution that uses light only when and where you need it. The sensor has an adjustable sensitivity setting for use in that will detect motion and stay illuminated for the duration of the hold time after motion ends. The product also has a built-in light sensor which can be used to prevent the luminaire from switching on above a set ambient light level.

MWS-ZGA ()

### Specification

Voltage

12Vdc
